Down On The Corner

Caller – Dean Dederman

Opener

Four ladies promenade once around that way
Get back home and swing your man one time I say
Join hands and circle left you moved it around I sing
Allemande on your left hand and you clap and weave the ring
Down on the corner – out in the street
Swing and whirl the girl and promenade so neat
Down on the corner – out in the street
Willie and the poor boys are playing – bring a nickel tap your feet

Figure

Heads you promenade $\frac{1}{2}$ way you move it around the bend
Walk to the middle and pass the ocean – then extend
Swing thru tonight and the boys run to the right
Half tag and scoot back and the boys fold behind
Double pass thru – and the girl turn back and swing
Swing and whirl this pretty girl and promenade I sing
Down on the corner – out in the street
Willie and the poor boys are playing – bring a nickel tap your feet
