## **“Beach Cowboy”**

### **Opener-Middle Break-Closer**

#### **Circle Left**

\*He left the Rocky Mountains for the Alabama Shore

\*Singing cowboy music that you don't hear anymore.

Left Allemande the corner, turn your partner by the right.

Left allemande the corner, weave that ring and go.

And he's home on the range on the Gulf of Mexico

You swing and promenade on home.

(He was back in the saddle where the ocean breezes blow)

God bless the happy trails that led his horse to town.

Hey beach cowboy, glad you came around.

#### **Figure:**

Heads (sides) promenade it's halfway round you go.

Walk in and square through, it's four hands round you go.

Go all the way and do a right and left through.

Pass through trade by. Touch ¼ then.

Scoot back and then scoot back again.

Star through and promenade around that big ol' ring

God bless the happy trails that led his horse to town.

Hey beach cowboy, glad you came around.

#### **(Alternate lyrics)**

\*Now the men call him amigo and they buy him whiskey straight.

\*The ladies call him darling, and they love his rugged face.

\*Just like headers need a heeler, and bull riders need a clown.

\*The ladies love a cowboy, that's why they come around.
